Professional Summary

Master's student in Intelligent Processing Systems (IPS) with strong foundations in Applied Mathematics and Computer Science. Passionate about Data Science, Machine Learning, and LLM-based systems. Experienced in building RAG applications, real-time data pipelines, and intelligent dashboards. Seeking a Data Science internship to apply AI and analytics skills to impactful real-world challenges.

Experience

Internship — IRMA-Service, Casablanca

Aug 2025 – Sep 2025

- Built a centralized data monitoring and analytics pipeline using the Elastic Stack (ELK) to process and visualize large datasets.
- Designed interactive Kibana dashboards to analyze key metrics such as error rates, system latency, and user activity trends.
- Implemented real-time alerting with ElastAlert for proactive anomaly detection, reducing response time to system incidents.

Education

Master's Degree in Data Science & AI (IPS)

Faculty of Science, Mohamed V University

Present

Bachelor's Degree in Mathematical and Computer Sciences

Multidisciplinary Faculty, Sultan Moulay Slimane University

Jul 2024

Baccalaureate in Mathematical Sciences A

ELKHAWARIZMI – Souk Sebt Oulad Nemma

Jul 2020

Technical Skills

AI & Data Science: Machine Learning, Deep Learning, NLP, RAG, LLMs, Computer Vision, Multi-Agent Systems, Big Data.

Programming: Python (Pandas, NumPy, Scikit-learn), Java, C, LangChain, HuggingFace.

Tools: Docker, Git, Elastic Stack (ELK), VS Code.

Databases: MySQL, SQL, REST APIs.

Projects

Juristat — Legal RAG Assistant

Python, LangChain, LLMs

- Developed a Retrieval-Augmented Generation system answering legal questions from Moroccan law PDFs using LangChain and ChromaDB.
- Compared Mistral 7B and TinyLlama models for optimized performance.
- Built an interactive interface using Gradio.

Smart Parking System — Multi-Agent Architecture

Python, Multi-Agents

- Designed a decentralized smart parking management system.
- Implemented autonomous agents optimizing parking allocation in real time.

Languages

Arabic (Native) — French (B1 – Intermediate) — English (B2 – Upper Intermediate)

Certifications

- Machine Learning with Python — IBM (Coursera)
- REST APIs Development with Java — Udemy
